Re: James Prichard v. Sandra Unsworth

Dear Mr. Meador:

Enclosed please find a copy of the letter directed to our office from applicant James C. Prichard, dated October 29, 2004. I believe this letter was forwarded to your attention and to Ms. Unsworth under separate cover.

In any event, Mr. Prichard is requesting that you or Ms. Unsworth bring with you to the upcoming arbitration hearing the "trial transcript from the second trial to the hearing". I am uncertain what Mr. Prichard means by this request. He goes on to indicate that if the requested transcript is too large, then it would be appropriate to provide only those portions of "Mr. Spencer's and Mr. Culver's testimony". Again, I am not certain regarding the basis for this request. Nonetheless, I would request that you forward at least the transcript testimony of Mr. Spencer and Mr. Culver to my attention prior to the arbitration hearing. Obviously, this will be an issue which will need to be explored at the time of the arbitration hearing.

In the event you object to producing the requested documents or have other concerns, please contact my office to schedule a phone conference.

Sincerely,

BEESELEY, PECK & MATTEONI, LTD.

PAUL A. MATTEONI
